The name of this organisation shall be the Massey Archery Club Incorporated (herein known as "the Club")

### 1.2 Objective

The objective of the Club shall be to promote, foster and direct the sport of Archery in all its forms and to provide a recreational venue for the sport of Archery.

## 2. MEMBERSHIP

2.1 Any person interested in the sport of Archery may become a member of the Club by completing the approved application process.
2.2 The Club Committee has the right to reject by way of a two thirds majority vote, any new application within the first 30 days, if a new applicant has acted in a manner (including conduct outside the club) that the Committee considers to be detrimental, or has the potential to be detrimental to the Club's reputation, operations, relationships with third parties, or to the general good of the Club; or negatively impacts, or has the potential to negatively impact on the Club members.

### 2.3 Life Membership

Life Membership is an honour bestowed on individual Club members whose exceptional, loyal and outstanding service and contribution has provided a measurable benefit to the Club over an extended period of time.
Life Membership is the highest recognition that can be awarded to a member, it should retain its prestige and not be awarded easily.

### 2.3.1 Nomination for Life Membership

Any current financial member may nominate another member for consideration for the Life Membership award. Nominations must be submitted in writing and must be signed by two current financial members (unrelated members) of the Club. One member must be a current Committee Member.
The nomination should be prepared so as to set out the achievements and activities of the nominee and at a minimum must meet the criteria as outlined below.
The nominator shall present evidence to the Committee regarding the nominee that will allow an informed decision by the Committee.
The reason for placing the responsibility on the nominator is to stop the situation arising where little information is provided about the nominee, therefore making it difficult for Committee members to decide on the nomination.
If there is lack of information about the nominee, the Committee members should consider voting in the negative.

### 2.3.2 Criteria

## Length of Active Membership

i. To have contributed to the Club to the degree necessary for Life Membership, a nominee's length of service to the Club shall be at least 12 years in either or both an on-field or off-field role with such service in either role being taken consecutively. It should be noted that achieving the minimum duration of membership will not in any way automatically guarantee the award of Life Membership.
ii. Minimum of 10 years in specific roles that contribute to the benefit of the Club. These roles may include, but not be restricted to - service on committees, fund raising activities, coaching or any activities that promote and benefit the Club and/or the sport of Archery.

iii. The nominee must have an outstanding contribution, beyond the ordinary for an extended period of time which has a measurable benefit to the Club membership. In determining the level of significance, the Committee members should consider this in light of a very high-quality service. The overall riding criterion is the quality of service.

## Consideration of Nominations

The points to take into account when considering any nomination:

- The general attitude and overall demeanour of the nominee to ensure that the attitude is one that reflects a dedication to the values of the Club.
- The nominee will have demonstrated a commitment to the principals of fair play and good sportsmanship.
- The nominee will have provided valued leadership and/or been an outstanding role model to the members in general.
- The nominee's service must reflect favourably on and brought credit to the Club.
- The nominee must be a current active, financial member.

Life Membership nominees must be considered individually on their personal attributes and achievements, and not in comparison to other Life Members, nominees or persons not nominated.

## Voting on Life Membership

Life Membership nominations are to be voted on by the Committee, then forwarded to the Board of Trustees for approval.
The decision of the Board of Trustees will be final. There is no right of appeal.
If approved, Life Membership will then be awarded at the AGM.
All Committee members should be aware that it is not necessary for a Life Membership to be granted each year.

## Benefits of Life Membership

In addition to the status of membership of a select group within the Club, Life Membership will be recognised by:

- Life Membership plaque awarded at the Annual General Meeting.
- Exemption from membership fee associated with Massey Archery Club.
- Listing in the Massey Archery Club website and Facebook pages, on the Honours Board and any other official documents.
- The Life Member and their partner will be invited to attend all formal / official Club functions as a guest of the Club.

## Retraction of Life Membership

Retraction of a Life Membership Award may occur where the recipient has conducted him/herself in a manner that reflects directly and adversely on the image or activities of the Club.
This provision will only be exercised in exceptional circumstances and will require the unanimous agreement of the Board of Trustees. As part of the deliberations, the Life Member in question is to be given an opportunity to present their case for retention of their Life Membership status.
